THE WINSIDE

1728 SQ FT

This ranch home features casual living spaces including the vaulted living, dining, breakfast and kitchen areas. The living and dining rooms open to a covered rear deck, while the breakfast also has access to the outdoors via an open deck. A spacious master with a rear orientation is a desirable amenity of this plan, along with the other two bedrooms and bath. Outside, the house has a clean contemporary look with casement windows, shingle siding and white accent trim. This plan is documented with a crawl foundation.
